CAMELLINE

PRESERVING AND BEAUTIFYING THE COMPLEXION.

Originally a California discovery, CAMELLINE has, wherever known, rapidly superseded "Balm," "Blonde" and "Dewdrops," for the reason that in place of the unnatural and artificial, it imparts to the complexion that youthful and glowing appearance so much desired and admired; and, while the complexion is improved, the skin is rendered soft and supple, and all traces of sallowness and other cutaneous defects are removed, and the complexion that softness and purity of color so rarely possessed by adults, but so valued by every one, is quickly secured by the use of CAMELLINE.

It is an evidence of the increasing intelligence of the times, that the popularity of CAMELLINE has not only increased, but that it is now being used by the most refined and cultivated of the fair sex. It is the only preparation for the complexion which is harmless, and commands scientific approval from physicians. It is a true skin food, and, being absorbed through the skin, frequently produces a fine, clear, and healthy complexion, and, while the complexion is improved, the skin is rendered soft and supple, and all traces of sallowness and other cutaneous defects are removed, and the complexion that softness and purity of color so rarely possessed by adults, but so valued by every one, is quickly secured by the use of CAMELLINE.

The undersigned physicians of San Francisco are familiar with the composition of the principal ingredients used in the preparation of CAMELLINE, and certify that it is free from all injurious or poisonous substances.

It being our policy to be always watchful for any improvement which may be of value to our patrons, we have taken pleasure in adding our testimony to the merits of CAMELLINE for Preserving and Beautifying the complexion. CAMELLINE, as prepared by WAKELIE & CO., of San Francisco, is the only preparation for the complexion which is harmless, and commands scientific approval from physicians. It is the only preparation for the complexion, having the sanction of the medical profession, and while it is so rapidly effective for the purpose intended.

New York: CASWELL, MANN & CO., Chemists and Druggists, 167 Broadway, 5th Avenue.
Newport, R. I.: 167 Thames Street, Bellevue Avenue.
It is well known that many who consider the Equal preparations for the complexion to be more valuable than the powders are deterred from using the former by the fear that all contain lead, and are therefore poisonous.

CAMELLINE, for the complexion, prepared by Messrs. Wakelie & Co., the leading Chemists of San Francisco, is the only preparation for the complexion which is at once efficacious, and is certified by the medical and chemical authorities to be harmless and free from poison.

We therefore take pleasure in stating that we now keep the CAMELLINE in stock, and we are prepared to supply it to the fair sex at the lowest price.

What we emphasize this high scientific testimony to be of the first importance, yet did we wish to add the names of many distinguished ladies in the dramatic profession who have used CAMELLINE.

Emma Nevada, Estela Gerster, Adeline Patti,
Mary Anderson, Mrs. Scott Siddons, Clara Louise Kellogg,
Fanny Jannishok, Alice Oates, Sarah Jewett,
Fanny Davenport, Jessie Vokes, And Others.

Palace Hotel, San Francisco, March 1, 1884.
Madame Patti desires to transmit her warmest thanks for your present of CAMELLINE, of which she has heard from many lady friends. She will have to repeat the praise of your CAMELLINE from all sides.

Madame Patti also desires to send you her best compliments.

We have, in addition, in our possession, many letters from well known society ladies, all of whom are testifying to the merits of CAMELLINE; but these may well be omitted, as a further recommendation is unnecessary.

DIRECTIONS.

For the face: Apply either the Balm or the Cream, as preferred, and, with a soft brush, apply it uniformly to the skin with a soft piece of linen or a small sponge, rubbing it in gently.

For the hair: Apply twice a day until relieved.
